Don't sweat it As the weather heats up, ensure a cool night's sleep with anti-sweat bedding products debuting this spring.

• **The Therapedic Memory Touch VisoTech 300 thread-count mattress topper**, above, adds three inches of comfy support for the lower back. \$149.99 for a twin at therapedic.com/bedbathandbeyond

• **The Magniflex comfort pillow**, left, has a specially designed foam core that doesn't trap heat to maintain a cooler sleep surface. \$100 at magniflex.com.

• **The 3D Bed by Hollandia International** provides a cooler sleep with 3-D fabric whose raised fibers allow maximum air circulation. \$2,500 for a flat foundation at HollandiaInternational.com

• **Organic Mattresses Inc's organic buckwheat hull pillow**, left. Buckwheat hulls circulate air for a cooler rest. \$149 at OrganicpedicbyOMI.com
