### OUR 3 WISHES IN DELHI

- We want to cosy up against dozens of **Harlequin's** bright, luxurious cushions.
- We want to sleep like royalty on the most precious mattress in the world—**Magniflex** offers mattresses lined with 22K gold yarn. They can even be labelled with your name embroidered in—naturally—gold.
- We want to dine at the Indian restaurant at the new **lebua Hotel**. The establishment will have six three-Michelin-star chefs as consultants and 1,100 candles, and the service by the staff is to be choreographed by a Hollywood producer to ensure satisfactory flair. Wait, where did that genie go?
